Adam Smith's Pluralism

Jack Russell Weinstein

Adam Smith's Pluralism Jack Russell Weinstein

In this thought-provoking study, Jack Russell Weinstein suggests the foundations of liberalism can be found in the writings of Adam Smith (1723–1790), a pioneer of modern economic theory and a major figure in the Scottish Enlightenment. While offering an interpretive methodology for approaching Smith's two major works, *The Theory of Moral Sentiments* and *The Wealth of Nations*, Weinstein argues against the libertarian interpretation of Smith, emphasizing his philosophies of education and rationality. Weinstein also demonstrates that Smith should be recognized for a prescient theory of pluralism that prefigures current theories of cultural diversity.
