## **In Detail**

EaselJS, created by Grant Skinner, greatly simplifies application and game development in HTML5 Canvas and allows for the creation of an amazing user experience with a look, feel, and behaviour similar to native iOS and Android applications.

Instant EaselJS Starter is a starter guide that provides you with all the information you need to quickly create HTML5 canvas web applications. You will also learn how to use the other CreateJS tools like PreloadJS, TweenJS, Zoë and the CreateJS Toolkit to create fancy user experiences.

This book provides an introduction of the most important and useful features of EaselJS which is a part of the CreateJS suite, a JavaScript library for building rich and interactive Web Content. It will take you through a number of clear and practical tasks that will help you to create your first responsive HTML5 Canvas applications.

## **Approach**

Get to grips with a new technology, understand what it is and what it can do for you, and then get to work with the most important features and tasks. A short and precise guide to get you started with EaselJS, helping you to create some cool applications and games.

## **Who this book is for**

EaselJS greatly simplifies application development in HTML5 Canvas using a syntax and an architecture very similar to the ActionScript 3.0 language. As a result, Flash / Flex developers will immediately feel at home but it's very easy to learn even if you've never opened Flash in your life. The book targets Web designers, animators, Digital content producers, and Flash and Flex developers.

It's assumed that you will have some experience in HTML and pure JavaScript.
