Learning Big Data with Amazon Elastic MapReduce

Amarkant Singh, Vijay Rayapati

Learning Big Data with Amazon Elastic MapReduce Amarkant Singh, Vijay Rayapati
Easily learn, build, and execute real-world Big Data solutions using Hadoop and AWS EMR

About This Book

- Learn how to solve big data problems using Apache Hadoop
- Use Amazon Elastic MapReduce to create and maintain cluster infrastructure for big data analytics
- A step-by-step guide exploring the vast set of services provided by Amazon on the cloud

Who This Book Is For

This book is aimed at developers and system administrators who want to learn about Big Data analysis using Amazon Elastic MapReduce. Basic Java programming knowledge is required. You should be comfortable with using command-line tools. Prior knowledge of AWS, API, and CLI tools is not assumed. Also, no exposure to Hadoop and MapReduce is expected.

What You Will Learn

- Create and access your account on AWS and learn about its various services
- Launch a machine on the cloud infrastructure of AWS, get login credentials, and communicate with that machine
- Learn about the logical dataflow of MapReduce and how it uses distributed computing effectively
- Understand the benefits of EMR over a local Hadoop cluster
- Discover the best practices that should be kept in mind while planning and executing a cluster/job on EMR
- Launch a cluster on Amazon EMR, submit the Hello World wordcount job for processing, and download and view the results
- Execute jobs on EMR using the two primary methods provided by EMR

In Detail

Amazon Elastic MapReduce is a web service used to process and store vast amount of data, and it is one of the largest Hadoop operators in the world. With the increase in the amount of data generated and collected by many businesses and the arrival of cost-effective cloud-based solutions for distributed computing, the feasibility to crunch large amounts of data to get deep insights within a short span of time has increased greatly.

This book will get you started with AWS so that you can quickly create your own account and explore the services provided, many of which you might be delighted to use. This book covers the architectural details of the MapReduce framework, Apache Hadoop, various job models on EMR, how to manage clusters on EMR, and the command-line tools available with EMR. Each chapter builds on the knowledge of the previous one, leading to the final chapter where you will learn about solving a real-world use case using Apache Hadoop and EMR. This book will, therefore, get you up and running with major Big Data technologies quickly and efficiently.

From reader reviews:

Helen Palmer:

What do you with regards to book? It is not important together with you? Or just adding material when you really need something to explain what yours problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to do others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Everybody has many questions above. They should answer that question mainly because just their can do in which. It said that about book. Book is familiar in each person. Yes, it is proper. Because start from on pre-school until university need this Learning Big Data with Amazon Elastic MapReduce to read.

Martin Solomon:

Playing with family within a park, coming to see the sea world or hanging out with pals is thing that usually you could have done when you have spare time, and then why you don't try point that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love Learning Big Data with Amazon Elastic MapReduce, it is possible to enjoy both. It is good combination right, you still need to miss it? What kind of hang type is it? Oh occur its mind hangout guys. What? Still don't buy it, oh come on its identified as reading friends.

Betty Freeman:

Reading a book to be new life style in this calendar year; every people loves to examine a book. When you learn a book you can get a wide range of benefit. When you read ebooks, you can improve your knowledge, mainly because book has a lot of information onto it. The information that you will get depend on what types of book that you have read. If you need to get information about your examine, you can read education books, but if you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, in addition to soon. The Learning Big Data with Amazon Elastic MapReduce will give you new experience in reading through a book.

Terry Burrows:

Is it you who having spare time after that spend it whole day by means of watching television programs or just telling lies on the bed? Do you need something totally new? This Learning Big Data with Amazon Elastic MapReduce can be the answer, oh how comes? It's a book you know. You are consequently out of date, spending your free time by reading in this new era is common not a geek activity. So what these guides have than the others?
