Ocean Travel and Cruising: A Cultural Analysis Kaye Sung Chon, Arthur Asa Berger

A one-of-a-kind analysis of ocean cruising!

In *Ocean Travel and Cruising: A Cultural Analysis*, noted author Arthur Asa Berger turns his critical eye to the phenomenon of ocean cruising. This academically solid yet reader-friendly book brings a multidisciplinary cultural studies approach to the subject, examining ocean cruising from economic, semiotic, sociological, psychoanalytic, and marketing perspectives, and offering insights not provided by the more traditional sociological approaches to the subject. You'll explore cruise demographics, the relationship between cruising and gender, the sociology of dining on cruise ships, hedonism and pleasure seeking, the "compulsion to cruise," consolidation in the industry, the exploitation of workers on cruise ships, and a great deal more.

Here's a section-by-section rundown of what's in store for you and your students in this one-of-a-kind new text:

- "The Economics of Cruising" examines cruise categories, industry consolidation, worker exploitation, and ways that cruise lines make money aside from ticket sales. This section also compares the costs of cruises vs. land-based vacations and fills you in on the typical weekly food and beverage consumption of the Carnival line's complement of ships, which sheds light on how a cruise line can, for a mere \$10, provide a food array that would cost a restaurant or hotel \$33 to \$40.
- "Signs at Sea—The Semiotics of Cruising" provides you with a quick primer on semiotics and then discusses the cruise ship as a sign system and then breaks the system down to its component parts, discussing dining rooms, cabins/staterooms, dress codes, spatiality, luxury signifiers, the perceived elitism of the cruise experience, the role of photography, and more.
- "A Sociological Analysis of Cruising" explores cruise demographics and their meaning, time budgeting on cruises, the sociology of dining, new trends in cruising, and the meaning of gender in relation to ocean cruising.
- A particularly intriguing chapter is "A Psychoanalytic Interpretation of Cruising." Beginning with a look at the compulsion to cruise, this section explores cruising's relationship with the unconscious, the paradise myth, hedonism and pleasure seeking, the desire for unconditional love, psychological regression, and more.
- In "Selling Smooth Sailing: Advertising and Marketing Cruises," you'll examine print advertisements from eight major cruise lines, look at what they have in common and what the differences are between the messages each cruise line hopes to convey via the style and content of their ads and brochures.
- "Cruising (on) the Internet" looks at the intersection of the information superhighway with the world of cruising. You'll learn about the cruise lines' own Web sites, travel agency sites, Internet sites designed to rate and review cruises and cruise ships, and more.
- "Notes from a Cruise Journal" shares the author's on-site reflections and impressions of a weeklong cruise from Los Angeles to Puerto Vallarta, Mexico, and back.

Written in accessible, jargon-free language that will appeal to students at all levels, *Ocean Travel and Cruising: A Cultural Analysis* is the most recent of a very small selection of scholarly studies of ocean cruising available in English. Make it a part of your cultural studies, leisure studies, sociology, travel/tourism/hospitality, popular culture, or American studies course this semester!

From reader reviews:

Henry Major:

Do you have favorite book? Should you have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each guide has different aim or perhaps goal; it means that e-book has different type. Some people experience enjoy to spend their time for you to read a book. These are reading whatever they have because their hobby will be reading a book. Why not the person who don't like examining a book? Sometime, person feel need book after they found difficult problem or maybe exercise. Well, probably you'll have this Ocean Travel and Cruising: A Cultural Analysis.

Armando McFarland:

Reading a e-book tends to be new life style in this era globalization. With looking at you can get a lot of information that can give you benefit in your life. With book everyone in this world can certainly share their idea. Books can also inspire a lot of people. Lots of author can inspire their particular reader with their story or perhaps their experience. Not only the storyline that share in the publications. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some investigation before they write on their book. One of them is this Ocean Travel and Cruising: A Cultural Analysis.

Doris Snell:

Typically the book Ocean Travel and Cruising: A Cultural Analysis has a lot info on it. So when you make sure to read this book you can get a lot of help. The book was compiled by the very famous author. Tom makes some research prior to write this book. That book very easy to read you may get the point easily after reading this article book.

Thomas Manna:

This Ocean Travel and Cruising: A Cultural Analysis is great reserve for you because the content which is full of information for you who all always deal with world and also have to make decision every minute. This specific book reveal it information accurately using great organize word or we can declare no rambling sentences inside. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with lovely delivering sentences. Having Ocean Travel and Cruising: A Cultural Analysis in your hand like getting the world in your arm, details in it is not ridiculous one particular. We can say that no e-book that offer you world throughout ten or fifteen small right but this e-book already do that. So , this can be good reading book. Heya Mr. and Mrs. active do you still doubt which?
