The Enhanced Edition of Larson's Calculus: Early Transcendentals 4e is accompanied by an expanded Enhanced WebAssign course, featuring thousands of additional algorithmic problems, stepped out solutions, and new learning tools for students. This Enhanced Edition offers students a Quick Start Guide for Enhanced WebAssign, and allows seamless transition from the original text to the enhanced book. Designed for the three-semester engineering calculus course, Calculus: Early Transcendental Functions, 4/e, continues to offer instructors and students innovative teaching and learning resources. The Larson team always has two main objectives for text revisions: to develop precise, readable materials for students that clearly define and demonstrate concepts and rules of calculus; and to design comprehensive teaching resources for instructors that employ proven pedagogical techniques and save time. The Larson/Hostetler/Edwards Calculus program offers a solution to address the needs of any calculus course and any level of calculus student. Every edition from the first to the fourth of Calculus: Early Transcendental Functions, 4/e has made the mastery of traditional calculus skills a priority, while embracing the best features of new technology and, when appropriate, calculus reform ideas.
