The Human Geography of East Central Europe (Routledge Studies in Human Geography) David Turnock

The Human Geography of East Central Europe examines the geography of the transition economies that were not formerly part of the Soviet Union: Albania, Bosnia & Hercegovina, Bulgaria, Croatia, The Czech Republic, Hungary, Macedonia, Poland, Romania, Slovakia, Slovenia, Yugoslavia and East Germany. There is a thematic treatment beginning with the landscape and historical background, which moves on to the social and economic geography (industry, agriculture and infrastructure) and to issues concerning regional development and environmental protection.
