An enticing new perfume has a deadly bite

When fifteen-year-old Dove Daniel's friends discover the new perfume called Venom, they become infatuated. They have Obsession and Poison; now they simply must have Venom. When they discover it's available at Dry Ice, the coolest store in the local mall, they rush over after school. But to Dove, Venom seems inexplicably terrifying, as does the store that carries it. If she breathes in its potent scent, she is sure something terrible will happen. At first whiff, she senses something primitive and dark. Once she's inhaled the scent, she begins to feel something . . . different . . . and her heart beats in double time. What has Venom's bite awakened inside her?
