Technology and Public Management

Alan R. Shark

Technology and Public Management Alan R. Shark

At last, here is a textbook that covers the field of technology and public management in an informative and engaging style. Ever since the National Association of Schools of Public Affairs and Administration required greater infusion of technology into the curriculum, faculty and administrators have struggled with finding the right course materials designed specifically for the public administration environment.

Technology is no longer the sole domain of an information technology office, as it has evolved into a growing set of complex tools that influence every area of government. To be effective, every public manager needs to be actively engaged in technology decisions. This textbook is designed for students of public administration at every level who need to know and understand how technology can be applied in today's public management workplace.

The book explores the latest trends in public management, policy, and technology and focuses on best practices on governance issues. Finally, this book provides real-life examples about the need for policies and procedures to safeguard our technology infrastructure while providing greater openness, participation, and transparency.

Technology and Public Management covers:

- How information system design relates to democratic theory
- How and where public policy and technology intersect
- Skills and tools that are useful in information management, information technology, and systems dedicated

for the effective flow of information within organizations

- Understanding the role of e-government, m-government, and social media in today's society and in public organizations
- Possibilities and challenges associated with technology applications within public organizations
- How technology can be managed, through various governance models
- The latest technology trends and their potential impact on public administration.

From reader reviews:

Walter Miller:

People live in this new day time of lifestyle always try to and must have the time or they will get large amount of stress from both everyday life and work. So , when we ask do people have extra time, we will say absolutely indeed. People is human not really a huge robot. Then we ask again, what kind of activity are there when the spare time coming to an individual of course your answer will unlimited right. Then do you ever try this one, reading books. It can be your alternative inside spending your spare time, the actual book you have read will be Technology and Public Management.

Inez Tuller:

This Technology and Public Management is great reserve for you because the content which is full of information for you who have always deal with world and still have to make decision every minute. This book reveal it details accurately using great arrange word or we can declare no rambling sentences within it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only will give you straight forward sentences but tough core information with lovely delivering sentences. Having Technology and Public Management in your hand like getting the world in your arm, info in it is not ridiculous just one. We can say that no guide that offer you world inside ten or fifteen tiny right but this reserve already do that. So , this is good reading book. Heya Mr. and Mrs. occupied do you still doubt that will?

Phillip Herzog:

This Technology and Public Management is fresh way for you who has attention to look for some information mainly because it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know otherwise you who still having small amount of digest in reading this Technology and Public Management can be the light food to suit your needs because the information inside this particular book is easy to get by simply anyone. These books produce itself in the form which is reachable by anyone, that's why I mean in the e-book application form. People who think that in publication form make them feel drowsy even dizzy this reserve is the answer. So there is no in reading a publication especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss the item! Just read this e-book variety for your better life and also knowledge.

Jill Lee:

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's internal or real their interest. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Technology and Public Management can make you sense more interested to read.
