Bonaparte in Egypt

Christopher Herold

Bonaparte in Egypt Christopher Herold

Originally published in 1962, J. Christopher Herold's *Bonaparte in Egypt* is the best modern account of this extraordinary campaign. In a detailed study, elegantly written, Herold covers all aspects of Bonaparte's expedition: military, political, and cultural. It was a bold adventure, full of drama, topped and tailed by the extremes of total triumph and utter defeat. Although Bonaparte was victorious at the Battle of the Pyramids and occupied Cairo, his fleet was completely destroyed by Nelson at Abukir Bay and his ambition to conquer the Holy Land was frustrated at Acre. Despite these reverses, Bonaparte returned to France where he was greeted as a hero and seized political power in 1799. His attempt to take permanent control of Egypt and Syria for France was a critical stage on his road to power, and it is one of the most revealing episodes in his spectacular career.
