## **Guida alle Fonti in Cinotecnica (Italian Edition)** Mario Canton

Questa sintetica guida è stata scritta per orientare chi volesse avvicinare lo studio della cinotecnica con approccio plurilingue, prevalentemente nelle lingue europee più diffuse.

I testi e il restante materiale sono sostanzialmente suddivisi per argomento e per lingua.

Talora i testi indicati non risultano più a catalogo delle singole case editrici – a volte non esistono più neppure gli editori stessi – ma in genere i testi sono rinvenibili presso le grandi biblioteca nazionali o presso le librerie più fornite.

Purtroppo non esistono in Italia biblioteche pubbliche specializzate sulla materia con un servizio di consultazione degno di questo nome; pertanto siamo nell'ambito del «fai da te» se non addirittura in quello del collezionismo bibliofilo.

Esistono alcune associazioni o fondazioni private che possiedono una biblioteca di testi tecnici in genere accessibili ai soli soci a cui eventualmente rivolgersi, ma la risposta dipende ovviamente dai proprietari o responsabili delle medesime.

Si spera che questa guida possa essere utile come primo indicatore sui materiali esistenti.
