## **Panama Fever: The Epic Story of the Building of the Panama Canal** Matthew Parker

The Panama Canal was the costliest undertaking in history; its completion in 1914 marked the beginning of the “American Century.” **Panama Fever** draws on contemporary accounts, bringing the experience of those who built the canal vividly to life. Politicians engaged in high-stakes diplomacy in order to influence its construction. Meanwhile, engineers and workers from around the world rushed to take advantage of high wages and the chance to be a part of history. Filled with remarkable characters, **Panama Fever** is an epic history that shows how a small, fiercely contested strip of land made the world a smaller place and launched the era of American global dominance.
