Social skills may impact a student with a disability more than the disability itself. Learn the social deficits and challenges associated with disabilities as well as strategies to support social skill development. A variety of professionals share their success strategies so readers (parents, teachers, counselors, psychologists, and others working in the disability field) can incorporate them into their professional “toolbox” and practice. Included are strategies from Special Educators, School Counselors, Licensed Professional Counselors, an Occupational Therapist, and a Psychologist. Current issues such as bullying are explored in addition to ways that professionals and universities should be involved in supporting social skills of students with disabilities.
