Aliens: More Than Human #4 John Arcudi

"Can an android dream? After waking from what appears to be just that, the android Sereda struggles with the idea that he may be more damaged than he originally thought. Still, whether it's simply his programming or a newly found free will, Sereda is hell bent on effecting the rescue of the woman whose voice brought him down into the bewildering maze of a seemingly endless necropolis. Most of the surviving planetary prospectors are willing to follow him into the labyrinth, but there are two major obstacles to the rescue mission: a horde of marauding xenomorphs, and the man who shot Sereda, who isn't about to let a damaged synthetic lead the other survivors anywhere. From the bleeding edge of terror, Aliens returns to comics featuring the talented creative team of writer John Arcudi (The Mask, B.P.R.D., Doom Patrol), penciller Zach Howard (Shaun of the Dead, Outer Orbit), and inker Mark Irwin (X-Men: Age of Apocalypse, Batman). ""Dark Horse's Aliens might just be back on top of the science-fiction-horror genre."" -Fangoria online"
