## Future Directions in Postal Reform (Topics in Regulatory Economics and Policy, Volume 38)

*Future Directions in Postal Reform* brings together leading practitioners, world-wide postal administrations, and the courier industry, as well as a number of regulators, academic economists, mailers, and lawyers, to examine some of the major policy and regulatory issues facing the postal and delivery industry. Issues addressed include international postal policy; the universal service obligation; regulation; competition, entry, and the role of scale and scope economies; the nature and role of cost analysis in postal service; productivity; interaction of law and economics; and future technologies and service standards.
