## **The Clinician's Guide to the Diagnosis and Treatment of Personality Disorders Daniel Fox PhD**

The Clinician's Guide to the Diagnosis and Treatment of Personality Disorders was written for clinical professionals to increase therapeutic efficacy through the examination of each personality disorder in the Diagnostic and Statistical Manual (DSM). This guide covers general personality disorders and manifestation, neurological components, a developmental psychology approach to understanding how personality disorders develop and why they do not in some people. Each chapter on the individual personality disorders includes up-to-date information on etiology, prevalence, diagnosis from various sources above and beyond the DSM, case examples, and more.
