Forests: Reasons to be Hopeful Bill Liao

This captivating book simply and engagingly captures the vital role forests play in combating the effects of climate change. The reasons for the current and historical demise of the forest are clearly outlined, followed by a fascinating insight into how a forest works to help the local and global environment. There is a solution to global warming which is realistic, attainable and beneficial to the Earth and her inhabitants. Bill Liao and WeForest's laudable goals of making the earth cooler, alleviating poverty and restoring eco-systems are enshrined in case studies from around the world, vividly demonstrating reasons to be hopeful. All the profits from the book immediately go to WeForest.org to plant trees.
