## **Moon Knight Vol. 1: From The Dead** Warren Ellis

Collects Moon Knight (2013) #1-6.

Marc Spector is Moon Knight! Or is he? It's hard to tell these days, especially when New York's wildest vigilante protects the street with two-fisted justice and three -- that's right, count 'em -- three different personalities! But even with the mystical force of Egyptian moon-god Khonshu fueling his crusade, how does the night's greatest detective save a city that's as twisted as he is? The road to victory is going to hurt. A lot. Be there as Moon Knight punches ghosts(!), investigates a sleep experiment that's driving its patients insane, travels to the mushroom graveyard planet(!), faces the Black Spectre and takes on twenty mob enforcers to save an abductee...alone. Marvel's most mind-bending adventure begins as Moon Knight sleuths his way to the rotten core of New York's most bizarre mysteries!
