nor-mal: **2 a:** according with, constituting, or not deviating from a norm, rule or principle **b:** conforming to a type, standard, or regular pattern **4 a:** of, relating to, or characterized by average intelligence or development

Uh, who wants that?

Hot on the heels of her *New York Times* bestseller *If You Have to Cry, Go Outside*, Kelly Cutrone is back with another no-holds-barred book to awaken our souls and kick our asses into gear. In *Normal Gets You Nowhere*, she invites us to get our freak on. History is full of successful, world-changing people who *did not* fit in. Think Nelson Mandela, Joan of Arc, Eleanor Roosevelt, John Lennon. Instead of changing themselves to accommodate the status quo or what others thought they should be, these people hung a light on their differences – and changed humanity in the process. There's already an army of super-talented uber-freaks changing the world – isn't it time you joined them?
