At Home in France

Ann Barry

At Home in France Ann Barry

"As beguiling and delectable as France itself."

*Mimi Sheraton

"Ann Barry tells her tale directly and clearly, without cloying artifice or guile, so that it has the warmth, honesty, and force of a long letter from an old friend. She makes her reader a welcome house guest in her much-loved little cottage in the heart of France."

*Susan Allen Toth

Ann Barry was a single woman, working and living in New York, when she fell in love with a charming house in Carennac in southwestern France. Even though she knew it was the stuff of fantasy, even though she knew she would rarely be able to spend more than four weeks a year there, she was hooked. This spirited, captivating memoir traces Ms. Barry's adventures as she follows her dream of living in the French countryside: Her fascinating (and often humorous) excursions to Brittany and Provence, charmed nights spent at majestic chateaux and back-road inns, and quiet moments in cool Gothic churches become our own.

And as the years go by, and "l'Americaine," as she is known, returns again and again to her real home, she becomes a recognizable fixture in the neighborhood. Ann Barry is a foreigner enchanted with an unpredictable world that seems constantly fresh and exciting. In this vivid memoir, she shares the colorful world that is her France.

"AN INTELLIGENT MEMOIR."

*The New Yorker

"DELIGHTFUL . . . BARRY WRITES ENGAGINGLY. . . . [She] is very much at home in such fine company as M.F.K. Fisher's *Two Towns in Provence*, Robert Daley's *Portraits of France*, and Richard Goodman's *French Dirt*."

*St. Louis Post-Dispatch

From the Trade Paperback edition.

From reader reviews:

Ana Steadman:

Nowadays reading books be a little more than want or need but also get a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book which improve your knowledge and information. The data you get based on what kind of e-book you read, if you want attract knowledge just go with schooling books but if you want experience happy read one along with theme for entertaining such as comic or novel. The actual At Home in France is kind of e-book which is giving the reader capricious experience.

Martha Albarado:

Precisely why? Because this At Home in France is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will zap you with the secret it inside. Reading this book beside it was fantastic author who all write the book in such awesome way makes the content inside of easier to understand, entertaining approach but still convey the meaning totally. So , it is good for you because of not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of gains than the other book have such as help improving your skill and your critical thinking method. So , still want to hold off having that book? If I have been you I will go to the e-book store hurriedly.

Keith Devine:

Your reading sixth sense will not betray you, why because this At Home in France reserve written by well-known writer who knows well how to make book which can be understand by anyone who else read the book. Written in good manner for you, leaking every ideas and creating skill only for eliminate your own personal hunger then you still doubt At Home in France as good book not only by the cover but also by content. This is one e-book that can break don't determine book by its protect, so do you still needing a different sixth sense to pick this particular!?! Oh come on your reading through sixth sense already told you so why you have to listening to one more sixth sense.

Felecia Holst:

As we know that book is very important thing to add our information for everything. By a e-book we can know everything we really wish for. A book is a range of written, printed, illustrated or maybe blank sheet. Every year ended up being exactly added. This guide At Home in France was filled with regards to science. Spend your spare time to add your knowledge about your scientific disciplines competence. Some people has distinct feel when they reading a book. If you know how big benefit from a book, you can experience enjoy to read a guide. In the modern era like currently, many ways to get book which you wanted.
