Hypothermie (Commissaire Erlendur Sveinsson 8) Arnaldur Indridason

Maria est retrouvée pendue dans son chalet d'été sur les bords du lac de Thingvellir. Suicide, conclut la police. Mais le commissaire Erlendur reçoit la visite d'une amie de Maria qui récuse cette thèse et lui remet l'enregistrement d'une séance chez un médium que Maria était allée consulter pour entrer en contact, dans l'au-delà, avec sa mère. Celle-ci lui avait promis de lui envoyer un signe... Bien que sceptique face aux croyances islandaises, Erlendur, troublé par l'audition de la cassette, décide de reprendre l'enquête. Son investigation le conduira sur des voies inattendues, semées de secrets et de douleur.

L'interprétation de Jean-Marc Delhausse sait parfaitement marier la logique cartésienne de l'enquête et l'évocation d'un monde hanté de sombres démons.
