Paths and Goals of the Spiritual Human Being: Life Questions in the Light of Spiritual Science (The Collected Works of Rudolf Steiner) Rudolf Steiner

Steiner discusses a wide range of topics: from positive and negative human soul capacities, true self-knowledge and karma, changes in human consciousness, from ancient times to the modern era – all in the context of the incarnation of Christ on earth. Steiner states that we should seek to recreate a mood of inwardness in a new way, appropriate to our modern age and consciousness. These lectures give us the tools to bring such a contemporary spiritual approach to our lives.
