In *A Nuclear Family Vacation*, husband-and-wife journalists Nathan Hodge and Sharon Weinberger hit the road to explore the secretive world of nuclear weaponry. Weaving together first-class travel writing and crack investigative journalism, the pair pursues both adventures and answers: Why are nuclear weapons still on hair-trigger alert? Is there really such a thing as a suitcase nuke? And which nuclear power plants are most likely to be covers for weapons programs? Their itinerary takes them from the Semipalatinsk Test Site in Kazakhstan to the U.S.'s own top-secret "Site R," opening a unique perspective on the world's vast nuclear infrastructure and the international politics at play behind it.
