The Citizen's Guide to Planning 4th Edition (Citizens Planning) Christopher Duerksen

APA's popular primer for citizens is all new! For decades, planning officials and engaged citizens have relied on *The Citizen's Guide to Planning* for a better understanding of the basics of planning. Now, Christopher Duerksen, Gregory Dale and Donald Elliott have revised this perennial bestseller into a twenty-first-century guide for anyone who wants to make his or her community a better place. This book describes the land-use planning process, the key players in that process, and the legal framework in which decisions are made. The authors advocate principles and disciplines that will help those involved in the process make good decisions. In easy-to-understand language, they offer nuts-and-bolts information about different types of plans and how they are implemented. Chapters cover the goals and values of planning, the history of planning, the different people and organizations involved, the creation and implementation of a comprehensive plan, sustainability, the application review process, and legal and ethical questions.
