Center of Gravity

Laura McNeill

Center of Gravity Laura McNeill

The truth could cost her everything.

Her whole life, Ava Carson has been sure of one thing: she doesn't measure up to her mother's expectations. So when Mitchell Carson sweeps into her life with his adorable son, the ready-made family seems like a dream come true. In the blink of an eye, she's married, has a new baby, and life is wonderful.

Or is it?

When her picture-perfect marriage begins unraveling at the seams, Ava convinces herself she can fix it. It's temporary. It's the stress. It's Mitchell's tragic history of loss.

If only Ava could believe her own excuses.

Mitchell is no longer the charming, thoughtful man she married. He grows more controlling by the day, revealing a violent jealous streak. His behavior is recklessly erratic, and the unanswered questions about his past now hint at something far more sinister than Ava can stomach. Before she can fit the pieces together, Mitchell files for divorce and demands full custody of their boys.

Fueled by fierce love for her children and aided by Graham Thomas, a new attorney in town, Ava takes matters into her own hands, digging deep into the past. But will finding the truth be enough to beat Mitchell at his own game?

Center of Gravity weaves a chilling tale, revealing the unfailing and dangerous truth that things—and people—are not always what they seem.

From reader reviews:

Brian Mejia:

The book Center of Gravity make one feel enjoy for your spare time. You should use to make your capable much more increase. Book can to become your best friend when you getting anxiety or having big problem along with your subject. If you can make examining a book Center of Gravity to get your habit, you can get a lot more advantages, like add your own capable, increase your knowledge about some or all subjects. You may know everything if you like available and read a book Center of Gravity. Kinds of book are a lot of. It means that, science guide or encyclopedia or other people. So , how do you think about this reserve?

Lidia Flynn:

Book is to be different for each grade. Book for children until adult are different content. We all know that that book is very important normally. The book Center of Gravity had been making you to know about other know-how and of course you can take more information. It doesn't matter what advantages for you. The book Center of Gravity is not only giving you far more new information but also to become your friend when you sense bored. You can spend your spend time to read your reserve. Try to make relationship with all the book Center of Gravity. You never sense lose out for everything in the event you read some books.

Harry Alvey:

This Center of Gravity is great publication for you because the content which is full of information for you who else always deal with world and still have to make decision every minute. This kind of book reveal it information accurately using great coordinate word or we can claim no rambling sentences inside it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but tough core information with wonderful delivering sentences. Having Center of Gravity in your hand like having the world in your arm, information in it is not ridiculous a single. We can say that no guide that offer you world with ten or fifteen tiny right but this e-book already do that. So , this can be good reading book. Hey Mr. and Mrs. busy do you still doubt that will?

Gerard Norman:

Many people spending their time by playing outside using friends, fun activity along with family or just watching TV 24 hours a day. You can have new activity to spend your whole day by looking at a book. Ugh, do you think reading a book can actually hard because you have to take the book everywhere? It ok you can have the e-book, getting everywhere you want in your Mobile phone. Like Center of Gravity which is finding the e-book version. So , why not try out this book? Let's view.
