Learning Redis

Vinoo Das

Learning Redis Vinoo Das

Design efficient web and business solutions with Redis

About This Book

- Model and design databases effectively in Redis
- Learn about sharding, indexing, and migrating strategies in Redis
- A simple step-by-step tutorial explaining the main concepts of Redis through practical examples

Who This Book Is For

This book is for SQL developers who want to learn about Redis, the key value database for scalability and performance. Prior understanding of a programming language is essential; however no knowledge of NoSQL is required.

What You Will Learn

- Familiarise yourself with NoSQL and install Redis
- Build solutions and enhance your web applications in Redis
- Understand the persistent mechanism for better scalability
- Configure and tune the server to improve performance
- Identify bottlenecks and how to handle fault management in Redis
- Learn about backups and recovery strategies for the Redis environment
- Discover the commands and functions of Redis

In Detail

This book will introduce Redis and help you understand its various facets.

Starting with an introduction to NoSQL, you will learn how to install Redis and how to classify and work with data structures. By working with real world scenarios pertaining to using Redis, you will discover sharding and indexing techniques, along with how to improve scalability and performance through persistent strategies and data migration techniques. With the help of multiple examples, you will learn to design web and business applications. You will also learn how to configure Redis for setting up clusters and tuning it for performance.

At the end of this book, you will find essential tips on backup and recovery strategies for the Redis environment.

From reader reviews:

Valerie Garrison:

What do you concentrate on book? It is just for students because they're still students or the idea for all people in the world, what best subject for that? Simply you can be answered for that question above. Every person has different personality and hobby per other. Don't to be obligated someone or something that they don't wish do that. You must know how great and important the book Learning Redis. All type of book can you see on many options. You can look for the internet sources or other social media.

Mary Stockton:

A lot of people always spent all their free time to vacation or go to the outside with them family members or their friend. Do you realize? Many a lot of people spent these people free time just watching TV, or perhaps playing video games all day long. If you would like try to find a new activity honestly, that is look different you can read a book. It is really fun for yourself. If you enjoy the book you read you can spent all day every day to reading a guide. The book Learning Redis it is quite good to read. There are a lot of those who recommended this book. They were enjoying reading this book. When you did not have enough space to bring this book you can buy typically the e-book. You can m0ore quickly to read this book from the smart phone. The price is not to cover but this book provides high quality.

Moses Bean:

Don't be worry if you are afraid that this book may filled the space in your house, you can have it in e-book way, more simple and reachable. This particular Learning Redis can give you a lot of friends because by you investigating this one book you have point that they don't and make an individual more like an interesting person. This specific book can be one of a step for you to get success. This reserve offer you information that maybe your friend doesn't learn, by knowing more than different make you to be great persons. So , why hesitate? We need to have Learning Redis.

Yolanda Nitta:

As a college student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's soul or real their pastime. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that examining is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Learning Redis can make you truly feel more interested to read.
