## Lightweight Django Julia Elman, Mark Lavin

How can you take advantage of the Django framework to integrate complex client-side interactions and real-time features into your web applications? Through a series of rapid application development projects, this hands-on book shows experienced Django developers how to include REST APIs, WebSockets, and client-side MVC frameworks such as Backbone.js into new or existing projects.

Learn how to make the most of Django's decoupled design by choosing the components you need to build the lightweight applications you want. Once you finish this book, you'll know how to build single-page applications that respond to interactions in real time. If you're familiar with Python and JavaScript, you're good to go.

- Learn a lightweight approach for starting a new Django project
- Break reusable applications into smaller services that communicate with one another
- Create a static, rapid prototyping site as a scaffold for websites and applications
- Build a REST API with *django-rest-framework*
- Learn how to use Django with the Backbone.js MVC framework
- Create a single-page web application on top of your REST API
- Integrate real-time features with WebSockets and the Tornado networking library
- Use the book's code-driven examples in your own projects

### From reader reviews:

#### Sheila Gallagher:

The book with title Lightweight Django has lot of information that you can discover it. You can get a lot of help after read this book. That book exist new expertise the information that exist in this reserve represented the condition of the world currently. That is important to yo7u to understand how the improvement of the world. This kind of book will bring you with new era of the internationalization. You can read the e-book in your smart phone, so you can read the item anywhere you want.

#### Iona Calhoun:

Playing with family in a very park, coming to see the water world or hanging out with close friends is thing that usually you will have done when you have spare time, in that case why you don't try point that really opposite from that. One activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Lightweight Django, you could enjoy both. It is good combination right, you still need to miss it? What kind of hang-out type is it? Oh occur its mind hangout people. What? Still don't understand it, oh come on its called reading friends.

#### Willie Dominguez:

Do you really one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Try and pick one book that you just dont know the inside because don't assess book by its include may doesn't work is difficult job because you are scared that the inside maybe not as fantastic as in the outside appearance likes. Maybe you answer may be Lightweight Django why because the great cover that make you consider with regards to the content will not disappoint a person. The inside or content is fantastic as the outside as well as cover. Your reading sixth sense will directly guide you to pick up this book.

#### Kimberly Silvestre:

That book can make you to feel relax. This specific book Lightweight Django was vibrant and of course has pictures around. As we know that book Lightweight Django has many kinds or category. Start from kids until adolescents. For example Naruto or Investigator Conan you can read and feel that you are the character on there. Therefore , not at all of book are generally make you bored, any it offers up you feel happy, fun and loosen up. Try to choose the best book for you and try to like reading which.
