The Night Book Charlotte Grimshaw

Shortlisted for the 2011 NZ Post Book Awards this is an unflinching novel on contemporary NZ society. 'It was this contemplation of the future that made Roza frightened, and that caused her to turn her mind, as she did now, harried and nervous, to the past. And then there was the question of Simon Lampton.' Roza Hallwright leads a quiet, orderly life, working at her publishing job each day, returning home to the large, comfortable house she shares with her politician husband David and her two stepchildren. But this peaceful existence is about to be changed forever. In the next few months there will be an election, and, if the polls are correct, Roza will become the Prime Minister's wife. She has faced the prospect with relative calm, but a chance encounter with party donor Simon Lampton sparks a chain of consequences that will bring turmoil to both their lives. Award-winning writer Charlotte Grimshaw has turned her unflinching eye on contemporary New Zealand society in this intricate and elegant novel. Sharp, moving, brimming with insight and observation, *The Night Book* is at once a meditation on power and politics, and an intensely humane look at the choices people make as they struggle, against the odds, to maintain love and integrity in their lives.
