This Is Not an Accident: Stories April Wilder

From a truly distinctive voice brimming with wicked humor, tales of the little disasters that befall and befuddle us

April Wilder's characters (some normal, some less so) have this in common: they are spiraling (or inching) toward self-destruction. An almost poetic range of disasters are sought out and savored in *This Is Not an Accident*, from bad romance to iffy adoption decisions to unsteady liaisons with animals and dolls; from compulsive driving to compulsive written correspondence with oneself.

A house sitter hides among poets in Salt Lake City after his canine charge dies tragically. A grandma's boyfriend holds a backyard barbecue under siege—with the kids as his pint-sized guards. The world of these slightly off-center individuals is similarly off by a few degrees. But by the end, we realize it's not as far off as we would like to think: this is modern American life. What Wilder captures is not a dark side, but rather the side we all know well and hide from others, and ourselves. In the tradition of Wells Tower and Jim Shepard, *This Is Not an Accident* signals a bold new voice and delivers the kind of insanely incisive moments only a master of the human condition can conjure.
