Combating Biofilms: Why Your Antibiotics and Antifungals Fail: Solutions for Lyme Disease, Chronic Sinusitis, Pneumonia, Yeast Infections, Wounds, Ear ... Bad Breath, Cystic Fibrosis and Implants

James Schaller MD, Kimberly Mountjoy MS

BIOFILMS ARE A LEADING CAUSE OF SUFFERING, DISABILITY AND DEATH. They are the slime layer on bacteria and fungal infections protecting them from all routine treatments.

THE BEST SELLING BIOFILM BOOK IN THE WORLD! MANY SINUS, CANDIDA AND CYSTIC FIBROSIS SOLUTIONS.

This solutions book addresses over twenty areas in which biofilm infections harm everyone. The 38 plus solutions to about 25 disorders are clear, based on the best published research and almost all are ready for use now. This collection exists nowhere and cannot be found on the web.

No book has such a powerful research foundation, with vast clear images with a highly readable text that does not require a PhD, MD or master's degree in pure science. You simply need an interest.

Solutions are proposed for ...

- Lyme Disease
- Chronic Sinusitis
- Pneumonia
- Yeast Infections
- Bad Breath
- Ear Infections
- Gum Disease
- Intestinal Disease
- Cystic Fibrosis
- Implants
- Acne
- and Many Other Health Issues

Did you know common biofilms are associated with cancer, heart attacks and strokes?

Many infections in hospitals and in routine illness are unable to be treated because the slime layer (biofilm) that makes antibiotics and antifungals worthless. We are close to a time when antibiotics will no longer work.

This book does not go beyond the facts and try to make guesses. It offers so many options, you should be able to find a solution for most biofilm infections.

This fascinating text is priced to be affordable in comparison to other older books on the same topic.

From the cover ...

Bacteria and Fungal Biofilms Kill and Disable!

Biofilms can Weaken Antibiotics by 98%

Biofilms are a disaster in medical care and can make infections impossible to kill. Many illnesses are associated with biofilms: mouth spirochetes causing plaque and gum disease, Lyme disease, severe sinus infections, dangerous lung and intestinal infections, wounds, cystic fibrosis, catheters, medical implants and ear infections.

This book offers **Diverse Biofilm Killing Options.**

Dr. Schaller is a prolific, award-winning, full-time, self-funded researcher specializing in creative clinical solutions which include care for patients from all over the globe. He respects many guidelines in emerging infections, but tailors all medical care to each unique patient.

Kimberly Mountjoy, M.S. is a chemist and co-author of six advanced, biochemical papers and six books. She worked in respected science centers for many years before joining Dr. Schaller.
