Memos to the Governor, Third Edition: An Introduction to State Budgeting

Dall W. Forsythe, Donald J. Boyd

Memos to the Governor, Third Edition: An Introduction to State Budgeting Dall W. Forsythe, Donald J. Boyd

This revised and updated edition of *Memos to the Governor* is a concise and highly readable guidebook that explains in clear, understandable prose the technical, economic, and political dynamics of budget making. Updated with many new examples of budget quandaries from recent years, this book helps current and future public administrators untangle the knotty processes of budget preparation and implementation.

Authors Dall W. Forsythe and Donald J. Boyd outline the budgeting process through a series of memos from a budget director to a newly elected governor—a format that helps readers with little or no background understand complicated financial issues. They cover all of the steps of budget preparation, from strategy to execution, explaining technical vocabulary, and discussing key topics including baseline budgeting, revenue forecasting, and gap-closing options.

Forsythe and Boyd bring fresh insights into such issues as the importance of a multiyear strategic budget plan, the impact of the business cycle on state budgets, the tactical problems of getting budgets adopted by legislatures, and, of course, the relationship between governor and budget officer. *Memos to the Governor* is a painless, practical introduction to budget preparation for students of and practitioners in public administration and public-sector financial management.
