Star Trek's original series is the pop culture icon that started it all. Spawning four subsequent television series, ten movies, countless best-selling books, conventions, and even a language of its own, Star Trek inspired imagination, exploration, and adventure in a way not previously experienced. Space is still the final frontier, which is one reason the show rages on in syndication and merchandise sales. Even those born decades after the show's original run know Kirk and Spock, and are fascinated by their adventures. Featuring full-color images from the show and a pull-out centerfold with original art, this calendar is one no true fan can be without.
